

IMPORTANT TAX INFORMATION
INDIVIDUAL INCOME TAX INFORMATION

What is it?

Income tax returns for individuals (Form 1040)

Who needs to file?

Generally, if your total income for the year exceeds certain thresholds, then you are required to file a federal tax return. The amount of income that you can earn before you are required to file a tax return depends on the type of income, your age and your filing status. We are happy to assist in determining if you or any of your dependents are required to file this year.

Information needed for ACPA to assist in filing:

Please see the organizers below for a starting point of information necessary to complete your tax return. If you are a returning client, we can provide a more detailed organizer with information from your prior year return. Additional information may be required based on your individual needs.
